

# JUST ONE Tree

Dear Headteacher,

On Friday 16th October 2026, schools are joining together for the international JUST ONE Tree Day to have a united positive impact on the environment.

Children are increasingly concerned about climate change and feel powerless to make a difference (<http://www.bbc.co.uk/news/world-58549373>). JUST ONE Tree Day offers an easy solution. **It's completely free for your school to take part – we want to reach future generations and help educate them about how important our environment is.**

We provide free supporting educational resources and ideas on how to run the day – and it can be as involved or light touch as you like! As a non-uniform or 'wear something green' day, it brings schools from across the world together to help students feel empowered about their environmental future.

Since its launch in 2019, over 730 schools have taken part across 5 continents, reaching more than 246,000 children and planting a forest of over 442,000 trees.

On the day, each child is encouraged to bring in a suggested donation of £1 to fund the planting of their tree - helping to reforest our planet where the trees are needed the most, restoring vital wildlife habitats and storing greenhouse gases in the process.

JUST ONE Tree is a non-profit organisation working to reverse biodiversity loss and tackle climate change through global reforestation. JUST £1 plants 1 Tree. We are proud partners of the United Nations Decade on Ecosystem Restoration.

We partner with well-established reforestation projects concentrating on areas severely affected by mass deforestation. We support local employment and education as well as the provision of sustainable incomes.

It would be wonderful if your school could join us and the other schools already taking part in this year's event. There are over 10 million school children in the UK alone. Imagine the impact if they all planted a tree!

**Friday 16th October 2026**

Please click [www.justonetree.life/schools-sustainability](http://www.justonetree.life/schools-sustainability) or email [sue@justonetree.life](mailto:sue@justonetree.life) to confirm your school's participation.

We look forward to hearing from you,

Amanda Bronkhorst  
Founder and CEO, JUST ONE Tree
